1. DISTINCTIVE UTOPIA

This distinctive but classic ring in white gold and diamonds with a morganite shows the exclusivity of the collection. Hand-made pieces with selected certified diamonds or natural stones; this is Utopia concept.

2. ILLUMINATION DAMIANI

Interwoven braids of white gold clasped with a delicate rose gold band. A play of light illuminated by the precious nature of the diamonds. Harmony of concentric shapes, skillfully made using alternating gaps and solids.

3. STUNNING BAPALAL KESHAVLAL

The design of this piece is remarkable. Find several marquise and pear shape diamonds with baguettes studded in 18 crt. white gold in the pendant. Wearing the necklace makes you feel spoiled!
